

1) K-Love at 91.1 on my fm band has been one of the few radio stations that I am able to listen to anymore. It provides a service to my community that no other local station has done. As a supporter of this commercial free station, I have invested more than my time listening to this station, because I believe the message this station provides is one that is needed in an increasingly violent and amoral society. It is a safe haven for families where drugs, sex and violence are not portrayed as acceptable behavior by the celebrities and mainstream media.

Please don't take away our inspiration and respite from this stress filled world
